Brindisi Italia | 12/05/1998 | marcoepicoco2@gmail.com | epicoco.me

GOALS

Full Stack Developer and Legal-Tech Consultant with a unique hybrid background in law, coding, and blockchain innovation. I specialize in scalable digital transformation strategies, AI integrations, and compliance for tech-driven businesses. I help startups and SMEs design secure, automated, and regulation-ready digital products by bridging the gap between developers and legal teams.

SKILLS

Development & Tech

- Full Stack Development (HTML, CSS, JavaScript, PHP, Laravel, MySQL)
- RESTful API Design & Integration
- AI Integration for web/software (OpenAI, NLP, RAG systems, Deep Learning basics)
- CMS & E-commerce: WordPress, Shopify, Magento, Hostinger, WooCommerce, Prestashop
- ERP and business process automation
- Git, GitHub

Legal & Compliance

- GDPR, NIS2 & DSA compliance
- Smart contracts and blockchain consulting SaaS licensing, software & digital contracts
- Legal tech advisory for startups
- E-commerce & digital property law

Soft Skills

- Cross-domain communication (Tech <> Legal)
 - Analytical problem-solving (code + regulation)
 - Agile project delivery across technical and compliance deadlines
 - Strategic negotiation with stakeholders
-
